Actually it will be Meredith Hayes. She's much nicer than Michelle.

Good morning Brianna – let's talk at 3pm Monday. Our group will consist of me, Nico and our technical colleagues Philip Spadaro and Michelle Hayes (copied here). Nico or I can send out an invitation and call in number/info once you confirm. Please include the RPMs emails (or copy them) so we can include them on the invite.

Thanks again.  
Buzz

Thanks, Brianna. Those times work for me. As long as the RPMs will be on, I think it makes sense for us to have members of our consultant team on as well. I will check with them to see if these times work for them.

All best,

**Subject:** RE: Parcel G Comments

I think it would be easiest to have both RPMs on. We have some availability on Monday at 11 or in the afternoon after 1.

Thanks, Brianna – and thanks, Buzz, for cc'ing me. I agree with Buzz that two calls makes sense— or perhaps one call that includes both RPMs. Thanks.

Got it; thanks. I'm copying Nico too Brianna so he's in the loop. I think perhaps two calls would be best given how EPA is splitting things up as referenced below.

Thanks.

Would you like to talk about both Parcel G (where rework is proposed on the radiation cleanup) and Parcel F (the parcel encompassing the shoreline and below tidal area)? Given the amount of work going on at Hunters Point, we now have two RPMs assigned, and one is taking point on Tetra Tech issues and the other is taking point on the Parcel F Draft ROD and non-radiation issues.

Hunters Point as to the email below. Having the RPM participate would be helpful, I'm sure.

Thanks.

Do you mean the issues regarding Parcel G and the rework? Or the billing issues? If you would like to discuss Hunters Point, I can see if our RPM is available as well. If you would like to discuss billing for the AOCs, I can see if Yvonne is available.

Brianna – we thought it would be good to set up a phone call to discuss some of these matters in more detail. Would you be available to do so this week or next? Please let us know and we can get something on the calendar.

Thanks!
